The Little Mermaid Jr.

Unhappy with her life as a mermaid, Princess Ariel dreams of living a life on the surface among humans; but her father King Triton has forbidden all contact with them. When Ariel saves handsome Prince Eric from drowning in a storm, she becomes determined to find a way to be with her Prince Charming. To accomplish this, she makes a deal with the sea witch Ursula, trading her beautiful voice for three days as a human. She has no idea she is being used as a ploy in Ursula's evil plan to overthrow Triton to become the ruler of the seas.

Calendar Girls

Inspired by real events, *Calendar Girls* depicts the journey following the death of Annie's husband, John, from leukemia. In light of this loss, she and her lifelong friend, Chris, take it upon themselves to raise funds for a new settee in the local hospital's waiting area. Their unique and daring fundraising initiative becomes the focus as they 'bare all' to gather money for both the hospital and leukemia research.
