The Little Mermaid Jr.

Unhappy with her life as a mermaid, Princess Ariel dreams of living a life on the surface among humans; but her father King Triton has forbidden all contact with them. When Ariel saves handsome Prince Eric from drowning in a storm, she becomes determined to find a way to be with her Prince Charming. To accomplish this, she makes a deal with the sea witch Ursula, trading her beautiful voice for three days as a human. She has no idea she is being used as a ploy in Ursula's evil plan to overthrow Triton to become the ruler of the seas.
